

## SECRETARY HUGHES SAYS RUSSIA MUST PUT HOUSE IN ORDER

Until This is Done She Can Expect No Recognition from the United States Says Mr. Hughes—Says That There is No Disposition to Interfere With Their Plans

(By The Associated Press)  
WASHINGTON, May 1.—The American government stands unshaken in its determination that Russia must put her own house in order before she can expect political recognition by the United States.  
Making his first statement of his policy regarding Russian affairs since the subject came to the fore at Genoa, Secretary Hughes today told a delegation of women at the state department that before any outside power could resume full relations with Russia she must adopt a policy of sound internal reconstruction. He added that American people were anxious to do all they could, but would not attempt to extend credit where there was no sound basis for it.  
No particular form of government was cited as desirable or undesirable by the secretary, but he suggested that the principle of self-government in Russia was "somewhat complicated" by the efforts of some soviet officials to interfere in the domestic affairs of other nations.

## SHERIFF KNOX IS AT STANDSTILL IN HOOPESTON DEATH

Release Wyman Monday Night After Questioning

(By The Associated Press)  
DANVILLE, Ill., May 1.—Sheriff Charles Knox admitted shortly before midnight that the five day investigation of the murder of Gertrude Hanna, whose body was found in the basement of the United Presbyterian church parsonage at Hoopston last Thursday, had been a failure.  
"No arrests will be made as a result of the investigation thus," he said.  
The sheriff's announcement was made as W. T. Hanna, father of the slain girl, walked out of State's Attorney Lewman's office to return to Hoopston after he had been questioned again for several hours by the county authorities.  
Mr. Hanna was summoned to Danville tonight after Sheriff Knox made a hurried trip to Hoopston in a taxi-cab and returned with John C. Wyman, Gertrude's confessed betrayer. Wyman was questioned at length in the state's attorney office before he was released.  
Wyman, who admitted he was the probable father of Gertrude's unborn babe, Mr. Hanna and other members of the family, were questioned repeatedly during the investigation which was carried on almost continuously under the personal direction of State's Attorney Lewman and Sheriff Knox since the body was discovered.  
One hope almost foregone, according to officials, still remained for an early solution of the homicide. That hope centered in the report of an analysis of the dead girl's stomach. The report is expected tomorrow and may disclose the cause of death.  
The Vermilion county prosecutor, despite the solid wall of baffling mystery confronted him was still convinced that Miss Hanna met death at another's hands. The position of the body on the narrow ledge in the parsonage basement and all the circumstances surrounding her disappearance March 31, a month before the body was discovered, all pointed away from a suicide theory. Mr. Lewman said:  
The fact that Miss Hanna was soon to have become a mother led strength to the theory that she may have died during preparations for an illegal operation it was said.

## EAST ST. LOUIS OFFICERS ARE STILL ON DUTY

EAST ST. LOUIS, Ill., May 1.—In defiance of the order of the board of police and fire commissioners which today reduced Chief of Police William J. Mulcahey, chief of detectives James Nevill, six other officers and one sergeant to patrolman, suspended them for thirty days and asked for their resignations, the nine policemen tonight were still on duty in their old ranks.  
Fred Leber, commissioner of public health and safety tonight announced the board had exceeded its authority and asserted that he alone had power to remove policemen. It was upon his advice that the policemen refused to vacate their offices.

## RUMOR OF GREEKS REMOVAL MONDAY NIGHT UNFOUNDED

Sheriff Weatherford Said He Had No Knowledge of It

(By The Associated Press)  
RUSHVILLE, Ill., May 1.—The rumor persistent here this afternoon during the funeral of Sheriff Edward Lashbrook, that the removal to Rushville of the thirty Greek section hands, who are charged with the murder Friday night of the sheriff and two deputies had been ordered for some time tonight. The thirty section hands are in the Morgan county jail at Jacksonville, where they were taken when a mob threatened them while in the Beardstown prison.  
State's Attorney Paul Morning refused to talk. The rumor was started after the grand jury had adjourned to attend the funeral, which drew a gathering of Schuyler county folk to the First Methodist church, crowded the church to its capacity and filled the churchyard.

Returning from the funeral the grand jury picked up the investigation where it had left off. Deputy Sheriff William Schullion of Cass county and Chief of Police Robert Patterson of Beardstown were the two afternoon witnesses. They identified ten revolvers and four shotguns, which they said, they had picked up along the Chicago, Burlington & Quincy railroad between Frederick and Beardstown, said to have been thrown out of the railroad cars by the section hands.  
These weapons, it was reliably learned, were fitted to the shells taken from the pockets of the prisoners and found on the floors of the bunk cars.  
Together with these guns and shells, the jury was shown screens taken from the bunk cars which bore powder marks on the inside showing that shots were fired from inside the barricade. The screens were numbered as to place, before being removed from the cars, so they may be replaced, should the jury decide to visit the scene.

## Deputy Sheriff Testifies

Other witnesses called to testify before the jury were Deputy Sheriff James M. Kelly of Rushville, who told how he had escaped the fire which had killed the three peace officers who accompanied him. All the shots fired at them, he told the jury, came from the bunk cars.  
Corroboration of Mr. Kelly's testimony, it was said, was offered by Mr. Tribbey, a garage man of Frederick, and Adrain Hinder, who also witnessed the attack.  
Word was received earlier in the day that the Greek consul from Chicago had arrived in Jacksonville and had interviewed the section hands imprisoned there and had offered to appear before the grand jury to aid in its investigation. It was thought likely that the jury would make its return tomorrow morning.

## THE RECALLED SCHUYLER COUNTY GRAND JURY INVESTIGATING THE FATAL SHOOTING OF SHERIFF EDWARD LASHBROOK AND DEPUTIES FRANK UTER AND CARL NEFF BY GREEK RAILROAD LABORERS AT FREDERICK LAST FRIDAY NIGHT IS EXPECTED TO COMPLETE ITS DELIBERATIONS TOMORROW. STATE'S ATTORNEY PAUL MORNING ANNOUNCED TODAY.

## ALLEGED SWINDLERS PLACED ON TRIAL

SALT LAKE CITY, Utah, May 1.—The trial of the United States versus Matthew McBain Thomson Thomas Perrott and Dominic Bergers, indicted on charges of securing memberships in alleged fraudulent Masonic orders and using the mails in an attempt to defraud, began today in the federal court before Judge Martin J. Wade of Iowa, presiding in the absence of Judge Johnson. Selection of a jury is proceeding.  
The case is considered as one of the most important and interesting in the history of Masonry, involving questions regarding the founding of the parent order and the bona fides of the orders for which the defendants are alleged to have obtained memberships.  
Russia still wants to fight Genoa, May 1.—George Tchitcherine, head of the Russian delegation today sent Foreign Minister Skirmunt, chief of the Polish delegation another note reiterating the soviet protest against Poland's action in joining the great powers in questioning the right of Russia and Germany to sign the Easter treaty at Rapallo. The note announced that Poland's recent reply to the soviet delegation did not explain away the Russian charge that Poland had violated both its peace treaty with Russia and the recent agreement entered into at Riga, with Russia and the Baltic states.  
Dedicate Long House. YAKIMA, Wash., May 1.—Two thousand Yakima Indians met on Sunday at a newly built song house at Wapato which was dedicated with a great feast.

## ANOTHER PANEL IS SECURED IN JURY TO TRY GOVERNOR

Attorneys Express Hope They May Get Jury by Wednesday

(By The Associated Press)  
WAUKEGAN, Ill., May 1.—The jury to try Governor LeRoy Small, charged with conspiracy to embezzle state funds was two thirds completed tonight and prospects are bright for obtaining the final four jurors by Wednesday.  
Hopes of the lawyers for early filling of the box were reflected tonight in an agreement to call only 50 veniremen for tomorrow, bringing the total summoned to 425. Twenty four men were examined today—16 left from last Friday's venire and eight from a list of 75 summoned for today.  
The eight men sworn in include six married men and two bachelors. Their occupations range from farm laborer to grain elevator foreman, landscape gardener, taxi driver, railroad worker, factory employee, substitute postal clerk and hospital fireman.  
When court adjourned tonight C. C. LeForge, chief of counsel for the governor was trying to fill the third panel, after having challenged two of a tentative panel tendered him by Ralph Dady of state. The four in the box for the present are, S. R. Brown, a telephone repairman; Gus Nelson, a retired railroad worker who said he went out with Eugene Debs in the famous American Railway Union strike of the early nineties; Peter Kozak and Robert Fagan.  
The entire morning session and part of the afternoon was consumed finding a juror to fill the fourth seat in the second panel, three members of which have been tentatively passed by both sides. Fourteen men passed thru the box before the state accepted Ralph Leerson, fireman at the Highland Park Hospital and former employee on the county estates of a half dozen Lake Forest millionaires.  
The defense after a conference approved the quartet and they were immediately sworn and took their places with the first four whose selection was completed last Wednesday.  
The jurors some of whom have been locked up since last Tuesday saw their first newspaper yesterday when Judge Edwards gave permission for them to receive the Sunday papers, after all news relating to the case had been cut out.

## THE COURT HAS ORDERED THE JURY TO WALK AT LEAST FIVE MILES A DAY TO PRESERVE THEIR HEALTH, AND THE REST OF THEIR SPARE TIME TO SPEND READING BOOKS, AND MAGAZINES, PLAYING CARDS, IF THE MAJORITY PREFERENCES, THEY ARE PERMITTED TO VISIT A PICTURE SHOW IN CUSTODY OF THREE BAILIFFS.

## AMONN DE VALERA ISSUES STATEMENT ON HIS ATTITUDE

Calis Collins Proposal for Plebiscite "Stone Age" Stuff

(By The Associated Press)  
DUBLIN, May 1.—Eamon De Valera tonight issued a detailed explanation of his attitude at the peace conference last week in which he calls the proposal made by Michael Collins for a plebiscite on the question of acceptance or rejection of the treaty one for "stone age machinery."  
De Valera deals first with his objection to a plebiscite, except for all Ireland. He renews his objection to the existing voters registered. Further, he says, Arthur Griffith's proposal involves a breach of the Sinn Fein convention agreement that not only the treaty but the constitution in its final form should be before the electorate when it votes.  
It is declared by De Valera that both he and Charles Huggess recognized in the labor proposals a basis by which an immediate peace could be procured the army united and a stable executive set up which would enjoy the confidence of all sections of the people.  
The labor proposals, says De Valera, obviously referred to the period during which the treaty would be left in abeyance, and the problem was to secure an agreement when this period should end. While Mr. Griffith insists on elections in June the Republicans who believe that the treaty means abandonment of the Republic and acceptance of the British crown think it should not be submitted to the electors while Great Britain's threat of war prevents the free will of the people from being expressed.  
De Valera's statement is not considered in political circles as leaving any prospects for a compromise. In high quarters tonight it was asserted that postponement of the elections for six months would not be accepted nor could elections be held in all Ireland.

## ESSENKAY COMPANY FILES PETITION

CHICAGO, May 1.—A voluntary petition in bankruptcy was filed today in the Essenkay products company manufacturers of an automobile filler and other accessories in which the liabilities of the company were listed at \$152,143 and its assets at \$65,429.

## MR. TROTZKY SPEAKS OUT IN MEETING

(By The Associated Press)  
MOSCOW, May 1.—Leon Trotsky, the soviet war minister, addressing the Moscow garrison at the May Day review in Red Square at which the Red oath was taken by all the soldiers, declared that the allies at Genoa desired conditions to which Russia would never yield; therefore he asked the troops to be prepared.  
"We offered to disarm," he said, "but the allies did not want that. We offered to bargain, we offered to pay the pre-war debts, but they agreed that they would recognize us if we abolished soviet Russia and restored capitalism. We answered no, and will always answer no."

## MAKING SUGAR OUT OF CORN

Cedar Rapids, Iowa, May 1.—What was declared to be the first carload of sugar made from corn was shipped from here today. It was the result of a new process which was said to have proved itself commercially successful at the Penick and Ford plant. The plant which heretofore has been confined to the manufacture of starch and syrup but which has been closed down recently will resume operations turning out the new product at once it was announced.

## CHIEF JUSTICE TAFT ASKED TO NAME CHAIRMAN

Will be Asked to Name Head of Arbitral Commission

(By The Associated Press)  
GENOA, May 1.—Chief Justice Taft of the United States supreme court will be asked to name the chairman of the mixed arbitral commission to be established for controlling the debt owed by the Russian government to foreign bond holders according to the plans arranged today. The other commissioners will represent all the bond holders and the Russian government respectively.  
The commission will have power to remit interest and decide all questions affecting foreign bondholders and Russia's ability to meet her obligations.  
Mixed arbitral tribunals one for every interested nation will be set up to deal with the question of the property of foreigners which has been nationalized. In the plan adopted practically everything which savored of capitalism or infringement on Russia's sovereignty was saved. The French suggestion of provisional administration pending Russia's establishment of courts on the basis desired by Western Europe was not approved.

Labor Day was a real labor day for the conference. The subcommittee on Russian affairs rushed its consideration of the Russian reconstruction plans and came thru late tonight with approval of the draft.  
These will be considered again tomorrow and probably will be sent immediately to the Russian delegation.  
Belgium alone held out on the section relating to the treatment to be given to the property of foreigners nationalized by the soviet government. This is a vital point in the proposals and has been stubbornly contested. France finally subscribed to the project proposed by Great Britain whereby the use of the property will be restored whenever possible and in other cases compensation will be arranged thru mixed arbitral tribunals.

## CON CON GIVES CITIES RIGHT TO ESTABLISH ZONES

If Section is Adopted Will Validate All Oddinances

(By The Associated Press)  
SPRINGFIELD, Ill., May 1.—A section to the new state constitution empowering cities, villages and incorporated towns with the right to establish zones, "governing the use and appearance of land and the location, appearance, size and use of structures," was adopted today by the Illinois constitutional convention.  
By the terms of the section, municipalities are given liberal authority in creating restricted zones and amendments to the section provide for just compensation for property taken or damaged. When the constitution becomes effective all zoning laws and ordinances will be validated.  
The convention adopted also a section of the county articles which fixes the levy for county purposes at three fourths of one per cent unless an increase is approved by a majority vote of the people, the section which applies only to counties of the downstate also gives the right to make a levy of three fourths of one per cent for road and bridge construction. The adoption of this section a motion to reconsider the vote was given.

## FIRE CAUSES PANIC IN WASHINGTON HOTEL

(By The Associated Press)  
WASHINGTON, May 1.—Fire breaking out in the apartment of Senator McKeller of Tennessee at the Portland apartment hotel today resulted in the turning in of four alarms a great deal of excitement, a general exodus of guests, but little damage except that caused by water.  
Several congressmen including Cummins of Iowa, and Townsend of Michigan make their home at the Portland with several members of the Japanese embassy staff. Miss Margaret Cummins, sister of the Iowa senator who was confined to her bed by illness was brought down to the lower floor.  
Confusion resulting from the fire caused several firemen and newspapermen to dash headlong into a large mirror twenty feet wide by 40 feet long thinking it was an entrance into the cafe of the hotel.

## INDIANA HOLDS PRIMARY TODAY

(By The Associated Press)  
INDIANAPOLIS, Ind., May 1.—A last day's drive to get out a big vote marked the close today of the campaigns of Democrats and Republican candidates for nomination to be decided in tomorrow's primary elections.  
Interest seemed centered in the contest of the United States Senator Harry S. New, Republican for re-nomination, in which his only opponent is Albert J. Beveridge, former senator and leader of the old progressive party. Both candidates tonight expressed confidence of victory.

## ORDERS FORBID OF BIG LOT OF LIQUOR

WASHINGTON, May 1.—Orders for the forfeit of what was declared to be the largest amount of liquor ever affected by a single prohibition bureau decision were approved today by Commissioner Haynes.

## ALIEN LAND LAW UNCONSTITUTIONAL. HIGH COURT HOLDS

California Supreme Court Decides in Favor of Japanese

(By The Associated Press)  
SAN FRANCISCO, Calif., May 1.—A decision declaring unconstitutional that portion of the California alien land law forbidding aliens ineligible to citizenship to act as guardians of the agricultural lands of their American-born children was handed down by the state supreme court today.  
The decision was in the case of Hayao Yano a Sutter county Japanese, who sought such guardianship over the person and estate of his infant daughter. It reversed a decision of the Sutter county superior court, which denied Yano's application for such guardianship.  
The guardianship feature of the state law prohibiting aliens ineligible for citizenship from holding farm lands constitutes an improper discrimination, the court held, because "the right or privilege of a father to be the guardian of his own minor child does not in any respect depend upon or arise out of the nationality or his eligibility to citizenship in this country. It has no relation thereto."  
Similarly according to the court the child was entitled to have her father selected as her guardian.  
"The child is a native of the United States and of California. Nothing can be denied her because of her race or color that is not denied to all citizens regardless of race or color."

## U. S. SUPREME COURT HOLDS PACKER ACT IS CONSTITUTIONAL

Law Was Put Thru Congress Largely Thru the Efforts of the Agricultural Bloc—Opinion Delivered by Chief Justice Taft—Justice McReynolds Dissents from Ruling

(By The Associated Press)  
WASHINGTON, May 1.—The packer and stock yard regulation act of 1921, which was put thru congress largely thru the efforts of the agricultural bloc, was held constitutional today by the supreme court.  
Declaring the stock yards "are not a place of rest, or final destination \* \* \* but a throat thru which the current flows and the transactions which occur therein are only incident to this current from the west to the east and from one state to another" the court described the livestock business conducted in the yards as interstate in character.  
Congress in the act "treats the various stock yards of the country as great national public utilities to promote the flow of commerce," Chief Justice Taft stated in delivering the opinion of the court "and assumes that they conduct a business affected by a public use of a national character and subject to national regulations. It is a business within the power of regulation by legislative action and needs no discussion."  
The law was challenged by certain commission merchants and dealers in the Chicago stock yards who brought separate suits in an effort to restrain the secretary of agriculture from enforcing the law. The issue raised, aside from the constitutional question was whether the business done in the stock yards between the receipt of the livestock and its shipment is a part of interstate commerce. The court answered that question was one disposed of in the Swift case saying "the judgment in that case gives a clear and comprehensive exposition which leaves to us in this case little but the obvious application of the principles there declared."  
The court added that those principles have become a fixed rule of this court in the construction and application of the commerce clause of the constitution.  
Act to Prevent Conspiracies. Chief Justice Taft said it was manifest that congress framed the packers and stock yard act in keeping with the Swift decision and "what congress had in mind primarily was to prevent such conspiracies by supervision of agencies which would be likely to be employed in it."  
There is now question now of the authority of congress to punish conspiracies or restraint of trade in the stock yards under the Sherman anti-trust law, he continued and "certainly it may provide regulations to prevent their formation."  
The opinion reviewed at length the frequent court proceedings involving transactions at the Chicago stock yards against the packers and announced that whatever amount to more or less constant practice and threatens to obstruct or unduly to burden the freedom of interstate commerce is within the regulatory power of congress under the commerce clause.  
Explaining that the commission merchants at the stock yards sell on commission or brokerage livestock consigned to them Chief Justice Taft dismissed as without foundation their contention that they are not engaged in interstate commerce.  
Justice Day did not participate in the case and Justice McReynolds dissented.

## GERMAN DELEGATE HAS BEEN RELEASED

NEW YORK, May 1.—Integration officials on Ellis Island today released Miss Gertrude Baer, German delegate to the Women's International League for Peace Meetings, insisting she had been held over night because there was thought to be danger she might become a public charge.  
Department of Justice agents in Washington asserted they had asked her detention pending investigation of her alleged communist beliefs but the immigration authorities said they had not acted on that request.

## DENIAL IS MADE BY W. Z. FOSTER OF GOMPERS' CHARGES

Says He is Not Spreading Propaganda for Russian Bolsheviks

(By The Associated Press)  
CHICAGO, May 1.—Charges of building up a secret machine from Bolshevik funds to undermine the American Federation of Labor made yesterday by Samuel Gompers, president of the American Federation of Labor were denied today by William Z. Foster, secretary-treasurer of the Trade Union Educational League.  
In a statement Mr. Foster denied he was working against the interests of labor and declared that the books of the trade union educational league were open for the inspection of any auditors Mr. Gompers might select.  
"Talking glibly of many millions of dollars being spent for Bolshevik propaganda in the United States, Mr. Gompers takes occasion to link my name up with this mysterious fund, indirectly, indeed, but none the less effectively," Mr. Foster said. "Therefore, I demand that Mr. Gompers make good on his insinuations. Either he must prove his statements and innuendos or stand convicted of flagrantly unfair propaganda. As far as the books of our organization the trade union educational league are concerned I stand ready to submit them to any reputable auditing company."  
"Mr. Gompers' charge about my building a great secret machine to undermine the American Labor movement" is equally ridiculous. The fact is that the trade union educational league the body which Mr. Gompers has in mind operates in broad daylight. Its plan of organization was announced publicly several months ago thruout the labor press of the country. It is purely an educational organization designed to enlighten the trade unions and give them a more militant philosophy.  
"The explanation of Mr. Gompers' broadside is that he suffers from anti-Russia complex. With most of the leading politicians and industrialists of Europe convinced that trade and diplomatic relations must be established with Russia he still clings to the policy of the 'cordon sanitaire.' Where Russia is concerned he is more heartless and reactionary than the employing class. Another factor making for Mr. Gompers' bias is that he fears the new spirit of progress now taking shape among the rank and file of the trade unions all over the country. Under his leadership the trade union movement has come to a standstill politically, industrially and philosophically."

**YOUNG PEOPLES UNION SERVICES**

First of Series of Five Was Held at First Baptist Yesterday—Next Meeting July 30.

The first of a series of five union young peoples' meetings which are to be held at the various churches of the city met at First Baptist church Sunday evening under the leadership of Miss Anna Frances Bradley of Central Christian church. Three hundred young people attended. Her theme was "The Relation of Religion to the World." Representatives of the various churches made brief talks relating to the subject. The young people from Congregational church furnished several musical numbers during the program. A short business session then followed, in which the following members were elected to office in the permanent organization, which will take care of the union meetings, which are to be held

in months which have five Sundays.  
President — Arthur Howells, Baptist Young People's Union.  
Vice President—Miss Carol Lander, State Street Church Christian Endeavor.  
Secretary — John Butcher, Westminster Christian Endeavor.  
Following the meeting the officers met and arranged for the meeting July 30, which will be held at State Street church, the young people of Brooklyn church having charge of the meeting.

**DEATHS**

**DeFraties**  
Mrs. Laura DeFraties, wife of Joseph DeFraties, died at the family home, 806 West Railroad street at 1:45 o'clock Monday afternoon.  
Decedent was born in the state of Indiana, April 21, 1872. She was united in marriage to Joseph DeFraties September 14, 1898. Besides her husband she leaves two sisters, Mrs. Clara Ball of this city and Mrs. Ben Lindsay of Kansas, Mo.  
Mrs. DeFraties had been an invalid for the past twenty years but was always cheerful and patient in her sufferings. The she never united with any church she was an attendant at Northminster church as long as her health permitted.  
The body was removed to the undertaking parlors of Arthur G. Cody and prepared for burial. Funeral services will be held from the parlors at 2:30 o'clock Wednesday afternoon. Burial will be in Diamond Grove cemetery.

**COUNCIL COMMITTEES NAMED BY MAYOR**

Appointments Announced at Council Session Monday Night—Business of Session Mostly Routine.  
The city council held the first meeting of the new year Monday night. City Clerk Scott's roll call revealed the absence of Mayor Crabtree and Alderman Chapin was elected mayor pro tem. Aldermen Sorrells and Harmon entered upon their official duties.  
Announcement of committees as arranged by Mayor Crabtree was made. Officers' monthly reports were filed and approved and some routine business transacted before the council adjourned.  
Alderman Ehnle made a report with reference to trouble with a sewer from the plant of the Jacksonville Monument Co., and T. B. Myers called attention to the condition of the culvert over the brook on South Diamond street. Street Commissioner White said by instructions of Mayor Crabtree he had secured an estimate for the rebuilding of the culvert and that the work will probably start soon. George Haigh asked the council to investigate with reference to a water bill recently submitted.  
F. L. Sharpe, representing the Sportsmen's organization, asked authority from the council to have a screen placed across the spillway in order to prevent fish from going over the spillway when the water in Mauvaisterre lake is high. By authority of the park board the Sportsmen's association has charge of the fishing and hunting affairs at the lake. This request from Mr. Sharpe was referred to the water committee.  
J. R. Kirkman and Elliott Craft of West Morton avenue asked the council to lend any possible assistance for the oiling of Morton avenue. It was stated by Acting Mayor Chapin that because no tax was levied this year for oiling, that a fund was not available. A great deal of material for the new hospital building is being hauled over Morton avenue and the residents there are very anxious to have it oiled. The state will pay half so that it is probable that the residents will arrange for the work itself.  
A petition was filed by residents of Anna street asking for the construction of a sewer between Church and South West streets. This was signed by J. E. Yates, Sylvester Arbuckle, James Harrigan, agent; F. P. Roberts, John Ryan, conservator; Mary Robinson and J. H. Brown. The petition was referred to the public improvement committee.

**Standing Committees.**  
The committee appointments made by Mayor Crabtree were read by the acting mayor as follows:  
Finance — Lonergan, Rowe, Chapin.  
Police — Rowe, Chapin, Flynn, Fire — McGinnis, Sorrells, Ehnle.  
Highways — Ehnle, McGinnis, Rowe.  
Sewer — Flynn, Lonergan, Chapin.  
Health — Harmon, Ehnle, Flynn, Public Improvements — Sorrells, McGinnis, Ehnle.  
Water — Chapin, Lonergan, Harmon.  
Light — Ehnle, Lonergan, Harmon.  
Judiciary — Rowe, Chapin, Ehnle.  
Ordinance — Harmon, Rowe, Sorrells.

**Officers' Reports.**  
Officers' reports were made as follows:  
W. H. Cobb, water superintendent, reported water collections of \$4,444.65. Total department receipts, \$4,668.82.  
Chief of Police Kiloran reported 22 arrests with fines totaling \$133. The charges were drunkenness 4, concealed weapons 1, speeding 1, disorderly conduct 9, bootlegging 3.  
The report of H. K. Chenoweth, city treasurer, showed a balance of \$1,226.58 in the general fund and a total in the general fund and special funds of \$47,929.71.  
J. E. Pires, sexton at Jacksonville cemetery, reported 16 graves made.  
J. E. Scott, city clerk, reported collections from Diamond Grove cemetery, \$577; from Jacksonville cemetery, \$284.75; from city clerk's office, \$371.50.  
The report of Dr. Allen M. King, city health physician, showed total number of deaths 53. Of this number 17 being at Jacksonville State hospital. The number of births was 28. The range of ages of deaths was under 1, one; 1 to 5, one; 5 to 20, two; 20 to 50, ten; 50 to 70, nineteen; over 70, twenty. Contagious diseases were: diphtheria, 6; erysipelas, 1; mumps, 1, scarlet fever, 19, tuberculosis, 3.

Miss Fjeril Hess who was the guest of Miss Louise Miller at Illinois Woman's College last week end, left Sunday night for New York City.

**Tea in Honor of Miss Hess.**  
The members of the Pi Nu So society of Illinois Woman's College gave an informal tea in the society hall Saturday afternoon in honor of Miss Fjeril Hess of New York City, an alumni member of the society who spent the week end at the college. The affair was given after the clerical given by Professor S. H. Clark of the Chicago University, who appeared in Music Hall Saturday afternoon. Miss Verna Mershon, president of the society was in charge of the tea.

**"Japan" Topic at Missionary Meeting.**  
The Helen Rawlings Chapter of the World Wide Guild of the Baptist church met last evening at the home of the president Mrs. Louis Hauck on West North street. Miss Carrie Spires led the program for the evening which was a chapter from the new study book "The Kingdom and the Nations." The subject was "Japan" and a very clever form of program had been planned. "Tea" was taken as the pre-dominant note in Japanese life and among some of the subjects chosen were, "Yan tea," "Brew tea," "Hones tea," "Char-tee," "Christian tea," and others. Those who assisted Miss Spires in presenting the program were Miss Edith Stewart, Miss Edith Dawdy, Miss Mabel Withee, Miss Maude Nesmith, Miss Mildred Brown, Miss Ada Vasey, Miss Lucy Dawn and Mrs. Marian Hauck. Miss Lillian Swift gave a reading. After the program came a social hour and the hostess served excellent refreshments.

**Monday Club at Norbury Home.**  
The Monday Conversation Club met yesterday afternoon at the home of Mrs. Garm Norbury on West North street. The program of the day was in charge of Miss Mary Johnson who led an interesting discussion on the subject of "German Opera." Attractive refreshments were served during the social hour at the close of the afternoon.

**Party is Held For Mrs. Charles Freitag.**  
The relatives and a few intimate friends of Mrs. Charles Freitag was delightfully entertained at her home in Winchester Sunday, in honor of her 45th birthday anniversary.

Mrs. Freitag is just recovering from a long illness and it was an occasion of rejoicing with those gathered about her for the day. A delicious dinner was served by Miss Pearl Freitag, assisted by her aunts and consisted of many good things to tempt the "hungry human." Baked chicken with dressing, roast beef and gravy, mashed white and sweet potatoes, peas, beans, deviled eggs and three kinds of salad. Cabbage, salmon and fruit followed y cake, angel food, devils food and layer with pickles and coffee. The long table was filled three times with a hungry set who surely appreciated the best efforts of the cooks. The afternoon was spent in music and visiting.

Mrs. Freitag was the recipient of many nice gifts as well as flowers.

Among those who enjoyed the hospitality of Mr. and Mrs. Freitag were Mr. and Mrs. William Freitag and baby of Ashland, Mr. and Mrs. John Henderson of Ashland, Mr. and Mrs. John Burmeister of Jacksonville, Mr. and Mrs. William Burmeister and two children of Sinclair, Mr. and Mrs. Charles Burmeister and two children of Jacksonville, Mrs. Walker Henderson of Jacksonville, Mr. E. **PESKY BED-BUGS**  
(Pesky Devils) Quietus P. D. O. is the new chemical that puts the everlasting to the Pesky bedbugs, roaches, fleas, ants and cockroaches—impossible for the pesky devils to exist where P. D. O. is used.  
Recommendations of Hotels, Hospitals, Railroad Companies and other public institutions are a guarantee to the public that the safe, quick and most economical way of eradicating the pesky insects is by the use of P. D. O. This chemical kills the eggs as well as the live ones, and will not injure the clothing. A 25-cent package makes a potent enough to kill a million bedbugs, roaches, fleas or cockroaches—and also contains a potent insecticide to get the pests in the hand to get at places and areas where P. D. O. can also be purchased in small bottles, double strength, liquid form.

Wiley, Franklin; Henry Wintler, Washington; John Harrison, Morton; Thomas Fiske, Independence; Mrs. Bynem, high school.

Mr. Perrin then brought various matters of importance to the attention of the board, first of which was the matter of scarlet fever. A regular nurse has been put on full time at the schools, in order to combat the disease and keep it in check. Next came the matter of granting diplomas to the 84 members of the graduation class. Member Metcalf made the motion favoring the granting of diplomas, which was seconded by Member Muchlhausen.

The question of moving the open air school from its present site to the Garden Street lot was then taken up. Clarence Buckingham was then permitted to show his plans for the work, which were approved. Mr. Rapp then made a motion asking that bids be obtained from various contractors for the above mentioned work of moving and setting the open air school which should be in hand by the 20th of May. Mr. Rogerson seconded the motion, which was carried.

A motion was then made and seconded that the finance committee be instructed to prepare to refund the \$132,000 worth of floating 6 per cent bonds.

The motion picture proposition was then brought up. Mr. Perrin reporting that \$588.66 had been taken in for the purchase of the moving picture machines to date and that enough money would be in hand at the end of the year to purchase some educational films for use in the class rooms. Member Metcalf then made a motion which was seconded, to commend those in charge of the moving picture enterprise.

The arrangements for the graduating exercises were left with the teachers and superintendent.

The following resolution was then offered:

Whereas, the Honorable J. P. Lippincott has so efficiently served the city of Jacksonville

Just Beginning to Appreciate Parks

Communities Where There Are Developed Recreation Areas Say Are of Value to Property.

Urbana, Ill.—(By The Associated Press)—The value of parks is just beginning to be appreciated in this part of the country, according to Karl B. Lohman, head of the landscape gardening division of the University of Illinois.

"In communities that have well developed recreation areas, people will tell you that such areas are of value in increasing property values; that as they help to make the town a healthier and happier place to live in, they attract visitors, help to keep their citizens from moving away," Mr. Lohman said.

"Moreover, recreational areas properly developed and maintained are found to be an example for beautification and cleanup often helping directly to translate civic spirit into tangible worth-while results.

"It happens too frequently that people don't appreciate the value of parks until opportunities for securing them have slipped away, until land has been found for building, and natural features have been completely destroyed. Available park sites under such circumstances have to be procured at exorbitant prices if they are to be had at all. There is a great deal of desirable land that can be bought now by the acre that later on park boards will be doing well if they can secure by the front foot. The time therefore to think about parks is at hand.

"Park boards and citizen organizations all over our state should be at work looking over available sites and emphasizing to the public the need for parks.

"Sites at least can be obtained even if funds do not permit of carrying out the entire park development the first year. A portion of the enterprise might be attempted with the idea of carrying out a little each year thru a period of years.

"Whether or not the development is to be completed at once it will be necessary to have a program of action based upon a plan of the development of the area. Such a plan as this usually can be taken care of best by calling in the assistance of persons who are familiar with the principles of landscape architecture."

**CLUBS AND SOCIETY**

**DAIRMEN TO MEET THIS EVENING**

The Dairymen's Association will hold a meeting this evening at 7:30 and the Breeder's Association will hold a meeting Thursday evening at 7:30, both meetings to be held at the Farm Bureau office. It is estimated by D. F. Beauchamp, township chairman for the Farm Bureau in 16-13, that a goodly amount of 90 day and 70 day corn will be needed by the farmers in the Meredosia region when the flood subsides, for they want something to feed.

Frank J. Moeller and Frank E. Drury of Orleans report that they have disposed of their surplus soy bean seed. Most of it was sold in Morgan county. However the final sale went to the Farm Advisor, I. A. Madden, of Sangamon county. The three hundred bushels sold him were Mongols.

Mr. and Mrs. Arthur Culler of Ashland were among Monday visitors in the city.

**Observed Three Birthdays.**

Three birthday anniversaries were observed at a family gathering at the residence of Mr. and Mrs. Clifford Kinner in Murrayville. The occasion was in honor of the birthday anniversaries of Mrs. Clara Kinner, County Clerk George L. Riggs and his son, Clarence G. Riggs. A splendid dinner was served and the hours afterward were spent in a delightful social way.

The company included Mr. and Mrs. Charles Riggs and family, Mr. and Mrs. George L. Riggs and family, Jacksonville; W. S. Riggs and family, C. U. Million and family, Mrs. Albert Riggs, Mrs. B. C. Kinner, Mr. and Mrs. Archie Stanfield, Mr. and Mrs. Carl Riggs, Thomas Tissington, David Stanfield and Archie Kingsley.

**ANNOUNCE AIMS OF CONFERENCE**

Rev. Paul Hutchinson, editor of the China Christian Advocate, tells what it is purposed to accomplish at Shanghai meeting May 2 to 11.

BUFFALO, — Aims of the decennial National Christian Conference of China which will take place in Shanghai May 2 to 11, were announced here today by the Rev. Paul Hutchinson, editor of the China Christian Advocate, who is at his Buffalo home on furlough. Dr. John R. Mott, general secretary of the International Committee of Young Men's Christian Associations, will be a speaker, and Dr. Ralph A. Ward of New York, assistant secretary of the Board of Foreign Missions of the Methodist Episcopal Church, will represent that body.

Rev. Mr. Hutchinson said results for China comparable to those sought in the Washington conference on Pacific problems are expected from the gathering. "Just as Washington tried to obtain for China a possibility of

**SOIL TREATMENT HELPS CORN CROP**

Southern Illinois Farms Show Benefit of Scientific Soil Treatment.

UREANA, Ill.—An increase of 258 percent in the wheat yields and an increase of 131 percent in corn yields in southern Illinois is the result of a soil treatment composed of limestone, organic matter, and rock phosphate, according to a report issued today by the University of Illinois on the work of the university's experiment fields in solving soil problems of the state.

In the corn belt it was stated, the wheat yields have been increased 29 percent and the corn yields 26 percent by the same method. An explanation of the work is given by H. J. Snider, professor of soil fertility, in the following statement:

"The University of Illinois has made a very careful and successful study of the soils of the state through an extensive system of field experiments. These soil studies by means of experiment fields have accumulated information covering twenty years and including work in the various parts of the state under different soil and climatic conditions. The central idea of this experimental work is to establish a system which is both economical and practical for maintaining and building up the productivity of the various soils of Illinois.

**OUTBREAKS AMONG TROOPS REPORTED**

Agitation by Radical Political Leaders Said to Be Cause—Both Regiments Affected Have Fine War Records.

ALLAHABAD, India — Outbreaks of insubordination and disobedience bordering on mutiny are reported from army headquarters in the Jullundur region, where members of the 14th Sikhs and the 19th Punjab regiments are said to be almost unmanageable as a result of agitation by radical political leaders.

The trouble began when two men of the 14th Sikhs appeared before their commanding officer wearing black turbans, or turbans, although in uniform. When they are reprimanded for this insubordination, six of their comrades promptly committed the same offense and 20 others deserted. Prison sentences were decreed for all the offenders. Indian officers of the regiment attribute the outbreak to the release of certain Sikh prisoners from civil custody.

In the 19th Punjab at the same station a Sikh sepooy insisted on wearing a longer (weapon) than the regulations allow.

When arrested he went on hunger strike, and the whole of his company followed suit in sympathy. He was sentenced to imprisonment and the trouble subsided for a time, but later five men appeared on parade in uniform with black turbans, which they refused to remove. This defiance also was punished by prison sentences.

Both regiments have excellent war records, and were due to leave soon for service overseas. It was while the men were taking their short leave before departure that the agitators are said to have made special efforts to influence them.

It has been several years since the last noticeable disaffection in the Indian army.

**REFORM FAILS TO WORK ON THIS ONE**

By The Associated Press.

CHICAGO, May 1—David Hill recently in Denver, Colo., will be brought back to Chicago to face three indictments for burglary, police announced today.

Hill, according to police started life as John Randolph, and is the husband of Elizabeth Calhoun Randolph, a university graduate whom he married a year ago. The marriage, it was said, was intended to reform Hill, whose parole from prison after serving four years of a 25 year sentence was due to the efforts of Mrs. C. W. Dawson, Kankakee, Ill., the girl's mother.

Nineteen steam and electric pumps are constantly at work day and night pumping water from the gas and electric plants which leaks in under the foundations and through the bag levees. Large gangs of men have been working day and night, some working two days and nights at a time to keep ahead of the leaks and keep the water from reaching the furnace. This so far successful fight is being directed by Mr. Fred H. Lusche, Division Manager of the Central Illinois Public Service Company.

**BEARDSTOWN UTILITY ATTRACTS ATTENTION**

BEARDSTOWN, Ill.—Interest of public utility engineers throughout the country is being attracted to Beardstown, where, notwithstanding its isolation by the flood, the gas plant and electric generating station of the Central Illinois Public Service Company has continued uninterrupted service. A seven foot levee has been constructed around and into the plant.

Water has risen to the top of the levee and at one time came within half an inch of putting out the fires in the plant, which would have put a sudden stop to all gas service.

Eight teams and wagons were required for one week's time in hauling the cement and sand which were used for the enormous levee. The levee was constructed hurriedly and is not airtight water proof. A large force of men will be kept working on it until the water has regained its channel.

## DIAMONDS AND LEAD IN PENCILS SAME

Both Come From Various Substances Scientists State—Lampblack Also Form of Same Element.

CHICAGO—It's a far cry from the diamond the hardest and one of the most valuable of gems to the soft lead in the pencil that sells for a nickel and yet the two are made of the same substance, with lampblack another form of the same element and coal fundamentally of the same material, science relates.

Carbon is one of the elements that chemists classify as having allotropic forms that is, that the pure element itself has a variety of forms due to their origin in different physical conditions. The proof that they are the same element lies in the fact that they all answer to the same test for carbon; they burn on oxygen to form carbon dioxide. Furthermore, when heated to a high temperature, in the absence of air, both diamond and the amorphous forms such as lampblack turn to graphite.

These various elements have been duplicated artificially. Moissan succeeded in making tiny artificial diamonds; he dissolved pure carbon in molten iron, and then plunged the solid solution into cold water, whereupon the diamonds crystallized out. They were too small to have any commercial value, however. Other gems, such as pearls, have been made artificially with more success.

Acheson's process has made the production of graphite superior to that of nature possible. The artificial graphite is free from impurities, and can be produced in shapes which will make the waste negligible. This is an electro-thermo process. Granular anthracite coal, mixed with pitch and a little sand, is massed in a closed oven. The poles, made of carbon are at opposite ends of the oven. A strong alternating current is passed through the mass. Anthracite resists an electric current; because of this high resistance it is raised to a high temperature whereupon the anthracite turns to graphite.

Carbon in some form exists in combination with other elements in wood in carbon dioxide in the air in starchy foods and in innumerable other things.

### FOREMAN OF DANVILLE PAPER VISITOR HERE

## WEDDINGS

### Crawford-Peak

The marriage of Miss Lottie B. Peak and Mr. Verne G. Crawford of Danville was solemnized at 5:30 o'clock Monday evening at the home of Dr. and Mrs. W. O. Wainwright, 707 West State street. Mrs. Wainwright is a sister of the bride.

The ceremony was performed by Rev. T. H. Tull, pastor of Grace M. E. church, with only immediate relatives present. Following the wedding supper which was handsomely served, the bride and groom left for Springfield, Ill. in a few days they will go to their new home in Danville.

Mrs. Crawford is a daughter of Charles O. Peak of this city and was resident here until six years ago when she entered business college at Danville. After completing the course she took a position as stenographer in the Danville offices of the C. and E. I. Railroad.

Mr. Crawford is a pharmacist and accounted one of the prominent business men of Danville. The bride and groom are both held in high regard by all who know them, and will begin their married life under very happy conditions.

Mr. and Mrs. Charles Crawford, and Miss Gladys Crawford, parents and sister of the groom, were here for this impressive home wedding ceremonial. Charles Peak, brother of the bride was also here from the University of Illinois.

## HAYNES SAYS FALSE STORIES ARE ABROAD

Prohibition Commissioner Cites Conditions to Show Enforcement of 18th Amendment is Succeeding in Large Degree.

WASHINGTON, May 1.—In a statement warning the public to be on guard against well defined propaganda which seems to be national wide, falsely alleging that enforcement of the 18th amendment is failing in results, Commissioner Haynes today most emphatically declared that the very opposite is true, as shown by facts and evidence beyond dispute. The statement follows:

"With the utmost emphasis it can be stated, and convincing evidence is to be seen on every hand that the 18th amendment is being enforced with greater success than was ever conceived possible in less than thirty months by its closest friends.

"The truth is, it is being enforced to such an extent that its enemies are increasing their false, country-wide propaganda, and this fact alone is sufficient evidence that the shoe is pinching.

"It is scarcely necessary to point out facts that are apparent to every one that the 18th amendment is being enforced, and that the illicit open saloon is a thing of the past and even enemies of the prohibition law admit it is gone forever.

"Hotels where before prohibition feared ruin, are now co-operating in enforcement and many prominent managers declare they do not want the bar room back.

"The head of the Salvation Army, who is in a position to know whereof she speaks, in a recent statement said evidences of enforcement are unmistakable and a God-send to unfortunate humanity.

"Purchasers of bootleg liquor themselves know beyond any question of doubt that the 18th amendment is being enforced, for the simple reason that the source of supply is now so nearly closed that real bonded liquor is practically impossible to obtain, and they are compelled to drink poisonous doctored stuff or go without.

"The spirit of co-operation on the part of all officials, federal, state and municipal, the country over, coupled with higher bonds and severer sentences by courts, is further convincing proof of enforcement.

"Another striking proof is the changed attitude of the editors and cartoonists, who, as everybody knows, reflect public opinion and are a true index of current events. The general character of cartoons and editorials, standing alone, is eloquent testimony that the law is being enforced—and that the people want it enforced and are letting publicity agencies and officials know it.

"Scores of other glowing facts

of successful enforcement may be cited, such as helpful co-operation on the part of neighboring governments. Furthermore, most states have their own enforcement codes, through which results are being obtained in addition to federal laws and national organization.

"On the whole, there is every reason for satisfaction and progress. The 18th amendment is being recognized as a cardinal part of the constitution and the fact that antagonists are renewing, with increased force, their well defined and costly propaganda speaks for itself. In other words the enforcement shoe is pinching."

## NICHOLS PARK BOARD ANNOUNCES NEW RULES

Rules Governing Park This Year of More Than Ordinary Public Interest—Policing to Be Much Stricter Than Heretofore—No Dances During Chautauqua.

The Nichols Park Board has just made known some new rules with reference to the park of more than ordinary public interest. Park policing this year is to be much stricter than heretofore and two policemen instead of one will be on duty.

One of the important changes that has its connection with better policing is the fact that the park will be closed to all visitors on the south and east sides of the lake promptly at 10 o'clock every night. The only exception to this rule will be in the case of tourists who may be camping there. No cars or vehicles of any kind will be permitted on the south and east sides after 10 o'clock, except for the tourists.

All dances at the pavilion from this date are under the entire control of the board and O. H. Spaulding, who in the past has had the contract covering the dance privileges, this year is in the employ of the board and as a representative of the board will conduct the dances. All revenues resulting from the use of the pavilion for dances or other purposes will be devoted to the fund for the swimming pool and the buildings which are to be erected in connection with it.

Directors of the chautauqua and friends of the chautauqua association will be greatly pleased to know that the board has definitely decided to have no dances during the chautauqua season. In the past years the fact that dances have been conducted in the pavilion during chautauqua time has been the matter of unpleasant controversy. The board in its new rules has made it very clear that the dances will be conducted under rigid supervision and that any improper conduct will simply result in closing the pavilion for dancing purposes.

The board is arranging for the dances because of the popular demand but it is the intention of the directors to see to it that this amusement is conducted in a way which can result in no justifiable criticism.

The appointment of two policemen assigned to this duty by the city council is indicative of the intention of the board to make proper conduct at the park one of the "first orders of business." The two officers will have the co-operation of the city police force and sheriff's force and every form of disorderly conduct will be stamped out. However, the board, has no thought of enforcing rules that are not justifiable, and no one who uses the privileges of the park in the proper manner will have any cause for complaint.

As indicated, all dances will be under the direction of the park board and no dances can be given in the pavilion by any individual or group of persons. The dances are to begin at 8 o'clock and will be closed promptly at 11:30.

Patrons of the park board who have reason to question the conduct of park visitors are requested to report the complaints to the board or to the officers in charge. Patrons are requested by the board to familiarize themselves with the 10 o'clock rule and to help in its observance.

## BRADY BROS. BUY PROPERTY ON SQUARE

Acquire Title to Buildings They Occupy from Rount College and Dr. G. V. Black Estate.

The real estate records yesterday showed the purchase by H. B. and W. J. Brady of one of the square buildings on the south side of the square occupied by the Brady Bros. Hardware Co. The store occupies two buildings and one was purchased several weeks ago thru Dr. Carl E. Black and Arthur D. Black, as the executors of the estate of Dr. G. V. Black. The principal interest in this building was owned by Miss Clara Black.

Messrs. Brady Bros. in acquiring the two buildings are now assured of a permanent home for their extensive business. The premises purchased have a total frontage of 41 feet and extend a distance of 130 feet to the south. Only a few buildings on the square are of equal length.

One of the buildings was the property of the late Harvey J. Rount during his life time and subsequently passed to the ownership of Rount college.

## LOCAL HOSPITALS TO CELEBRATE THE DAY

May 12, will be observed by local hospitals as National Hospital Day, and the 102nd anniversary of the birth of Florence Nightingale pioneer in modern hospital methods and nursing. The day was first observed last year by the United States and Canada. This year England and Australia will join with us in the celebration.

Most hospitals will celebrate by holding "open house" and inviting the public to come and see how the sick and injured of the community receive care and treatment. Graduation exercises will be held in many hospitals for nurses on this day, and nurses' homes will give receptions for high school girls and others interested.

Passavant Memorial Hospital will hold a program on National Hospital Day in co-operation with the National Hospital Day Committee which recognized the local institution with a certificate of appreciation. Chicago will observe the day with open house at the hospital and express homes as well as a community picnic to be held on the lawn at the home.

## OVER \$6,000 RAISED FOR FLOOD RELIEF

Work Practically Completed Yesterday—Beardstown acknowledges Receipt of Further Funds.

The campaign to raise funds in Jacksonville for the relief of the flood sufferers along the Illinois River is practically completed and the committee's final report made yesterday shows a total of \$6,073.45 raised in Jacksonville and vicinity. The campaign has been very successful and the great benefit which the stricken people will derive from the funds will fully repay the committee and every one in Jacksonville who co-operated in any way whatsoever in this movement.

A letter from Beardstown yesterday is printed below:

April 29, 1922.  
Mr. Louis Frank, Pres.,  
Flood Relief Fund,  
Chamber of Commerce,  
Jacksonville, Illinois.

Dear Sir:

We beg to acknowledge receipt of your second remittance for relief work in Beardstown. It brings the total up to \$2,000.00. Gentlemen, this is certainly a wonderful spirit and we are wondering how Beardstown will ever be able to repay Jacksonville for such generosity.

Your city has helped us out in a great many ways and our committee, as well as the citizens of Beardstown have voted thanks to all of Jacksonville for what they have done.

As stated before, we hope the opportunity will come when Beardstown can reciprocate in some way, although we hope it will not be under any similar circumstances.

The water has receded about 1-1/2 feet and it is relieving some of the down-town district. The relief work is getting started real good now.

Yours truly,  
F. J. Kuhl, Chairman  
E. E. Schultz, Secy.

Total funds reported yesterday:

## HELP POSTOFFICE EMPLOYEES THIS WEEK

The public is invited to co-operate with the postal employees in making Improvement Week, which is now in progress a success. Special stress is being put upon "early mailing." This applies especially to large firms, doing excessive mailing.

Postmaster Duplap and Assistant Thomas Harber will make an inspection of rural routes out of Jacksonville, beginning today.

Special care will be given to the condition of mail boxes and the roads.

One of the main features of Postal Improvement Week are the two lectures that are to be given by Mr. H. L. Coons, postmaster at East Pittsburgh, Pa. by radio from the Westinghouse Station at East Pittsburgh (Station KDKA). The first lecture will be on the subject "Postal Improvement," and is to be delivered on May 2, while on May 6, "The Travels of a Letter" will be given. Both lectures are to be given at 8 o'clock and it is estimated that 100,000 people will "listen in" on KDKA on these evenings.

## ATTENDED FUNERAL OF

Mr. and Mrs. Calvin Rutherford left Monday morning for Girard, where they were summoned to attend the funeral of Mrs. William Selts. They will remain in Girard for an extended visit with relatives.

## FRIENDS OF GREEK WORKMEN HERE TO AID

COME FROM SEVERAL CITIES TO HELP COUNTRYMEN

Consul from Chicago Believes Men Cannot Legally Be Held and Will Seek Their Release—Attorneys Watch Schuyler County Investigation.

The twenty-nine Greek section workers now quartered in the Morgan county jail, charged with complicity in the rioting at Frederick, Ill., are evidently not without friends. The Greek consul in Chicago, an attorney from the same city, another from St. Louis and Greek interpreters from Chicago, St. Louis, Decatur and Kansas City are all here. In addition, there are relatives of several of the prisoners and all have come to be of any possible service to the imprisoned men.

John D. Dristsas, acting consul for Greece in Chicago came to the city Monday morning, accompanied by his attorney, Thomas Lindskog. Before coming to Jacksonville Mr. Dristsas was in communication with the office of the Greek ambassador in Washington and had instructions to make full investigation of the situation.

Mr. Dristsas after conference with the men here and some of their friends, returned to Chicago last night but will keep in touch with the situation through Mr. Lindskog, who went to Rushville Monday to be present at the coroner's inquest.

### Some of the Visitors

The list of local visitors includes R. E. Hamilton, St. Louis attorney; with Theodore Rook as interpreter, who are here to give special care to the interests of six of the men who claim St. Louis as their place of residence; Sam Vethoulkas, Chicago; Nicholas Pomonis, Chicago; Tom J. Malles Decatur, and Mrs. James Haikalis, Kansas City. Mrs. Haikalis has come in the interest of her brother-in-law, Nick Haikalis, twenty-four years of age who has been in track work for the Burlington for three years past. The husband of Mrs. Haikalis is very ill and so she came in his stead.

Several of the visitors are interpreters and this is true of Mr. Malles, who is well known in Decatur, where he has been in the service of the Wabash for seventeen years. Mr. Vethoulkas is now in business in Chicago, but was formerly track foreman and knows some of the men personally.

The friends of the prisoners are anxiously awaiting the action of the Schuyler county investigation but insist that there is no evidence on which the whole body of twenty-nine men should be held in jail. They lay emphasis too upon the fact that the facilities at the Morgan county jail are not sufficient to properly house so large a number of prisoners, for more than a few days' time.

The visiting Greeks also lay emphasis upon the fact that most of the prisoners are men of mature years, who have been working for the Burlington for a period of years. They insist too that Burlington officials must also take some part in the affair because the workers were left in a locality they thought dangerous after repeated requests had been made to transfer them to some other point.

### Low in Funds

The visitors declare that while the men have been in the employ of the Burlington for a long time, that in recent months work has been very slack and that in consequence the workers are practically without funds. However, they say that this fact will not prevent the prisoners from having proper legal advice and protection.

Sheriff Weatherford certainly has a "full house." In addition to the twenty-nine Greeks there are ten other prisoners in the jail and the cell space is therefore heavily taxed. There were hundreds of visitors at the jail Sunday but Sheriff Weatherford and his assistants gratified the curiosity of all by permitting them to enter the jail corridor. There was also, numerous visitors on Monday.

## E. C. KREIDER DIES AT TEXAS HOME

Member of Family Long Resident Here Dead, Following Appendicitis—Funeral Held in San Antonio.

Edmund C. Kreider, Jr., known in the earlier years of his life to a great many people in Jacksonville as "Ned" Kreider, died April 24, at his home in San Antonio, Tex. He was the third son of the late Edmund C. and Mary McKreider, who were long numbered among the well known residents of Jacksonville.

The death of Mr. Kreider was the result of appendicitis and came as the culmination of a two weeks' illness.

Edmund Clinton Kreider was born in Jacksonville, Ill., Dec. 10, 1873, and his childhood and young manhood was spent in this city, where he attended the public schools, Whipple academy and Illinois College. He served his country during the Spanish-American war. Seventeen years ago he removed to Memphis, Tenn., later going to Clarkdale, Missisippi, where he engaged in the automobile business. About two years ago he accepted a position with the Deleo Light Company and moved to San Antonio, Tex.

He leaves a widow to mourn his loss, also his mother, Mrs. Mary Kreider and sister, Mrs. E. Y. Murray of Los Angeles, Calif., and one brother, J. M. Kreider. Interment took place at San Antonio.

## WILL PLANT SPECIAL KIND OF CORN AGAIN

P. J. Woulfe Plans to Plant Special Kind of Corn and Sell Cobs to Pipe Factory—Last Year's Experience a Satisfactory One.

P. J. Woulfe, whose farm is located a short distance south of Jacksonville is planning to plant a special kind of corn this year so that the cobs will be available for a Missouri pipe factory with whom he had a contract last year. Mr. Woulfe's experience last year on the 40 acres devoted to this purpose was that the cobs brought fully as much per acre as the corn itself.

Mr. Woulfe was one of a number of farmers, mostly living south of Jacksonville, who made contracts last year with a cob pipe factory for cobs. The seed was sent by the factory and the price for the cobs is made in cash here.

The company sends the sacks and ordinarily they are of a size to hold 200 pounds. Before the shipment is made an inspector comes from the factory to examine the cobs and any that are not usable for the intended purpose are discarded. However, Mr. Woulfe said that the inspection results in the refusal of only a very few cobs and the whole arrangement last year was very satisfactory to the Morgan county growers.

With the reduced price of corn by comparison with the high levels of a few years ago, the sale of cobs at a fair price is very desirable.

## CAPT. JAMES HOME FROM CHICAGO

Captain Wesley James of Jacksonville's Howitzer company, returned from attending the meeting of the Illinois National Guard association, at the 122nd Field Artillery armory in Chicago.

One of the main features of the meeting is that an appropriation will be asked for, by which light gymnastics with shower baths and club rooms will be established in every national guard armory in the state. These improvements, it is hoped, will make the guard more enticing to recruits.

Commencing this week, two drill sessions will be held each Monday and Friday nights, throughout the summer. A full attendance is very necessary at these drills.

### WILL MEET TODAY.

The Woman's Foreign Missionary society of Grace Church will meet this afternoon with Mrs. Herbert Capps, 629 West College avenue. The hostesses for the afternoon are: Mrs. Perrin, Mrs. McMurphy, Mrs. Mohn, Miss Marsh, Dr. Abbott Morton, Mrs. McCoy.

## SAMUEL W. CARTER PASSED AWAY MONDAY

Death of Well Known Resident of City Came at Home of Son Monday Afternoon—Funeral to be Held Wednesday Afternoon.

Death came at 3:15 o'clock Monday afternoon to Samuel W. Carter at the home of his son, Dr. S. J. Carter, 210 West College street. The deceased, who was the oldest son of Chauncey and Julia Carter, among the best known earlier residents of this county, was born April 29, 1849, at family home located about two miles south of Jacksonville. As a boy Mr. Carter attended the school located not far from his home and in later years the Jacksonville high school.

As a young man he married Miss Hannah Joy, and their home was established in the Joy Prairie neighborhood. All their married life was spent in this county except the period from 1884 to 1891, when they were resident in Kansas.

Following their return from the western state, Mr. and Mrs. Carter were again at their Joy Prairie home and about 12 years ago became residents of this city. Following a long period of illness Mrs. Carter passed away six weeks ago. Mr. Carter had been especially devoted to his wife and there is no doubt but that her going hastened the day of his own death.

The deceased was for a long period a member of the Joy Prairie Congregational church and after his removal to Jacksonville transferred his membership to the Congregational church here.

The deceased was a man of especially kindly impulses and the generosity of his spirit was one of the characteristics that marked his life all thru the years. He had the faculty of making friends and keeping them, so that a very large number of people will regret to learn of his death.

Mr. Carter is survived by two sons, Dr. Sylvester J. Carter and S. Willard Carter. One son Ernest died two years ago. There are also four grandchildren, Frances J., Mildred L., T. Herbert and Robert Carter, in addition to three brothers, William W. Walter L., and Truman P. Carter, all resident in this city.

The remains were taken to the undertaking rooms of Iltamson & Son and at noon today will be returned to the home, 210 West College street. Friends who wish may call there prior to the funeral. The casket will not be opened at the church.

The funeral service is to take place at 2:30 o'clock Wednesday afternoon at the Congregational church. Interment will be in Diamond Grove cemetery.

## LAST ADVANCED STUDENT RECITAL

Program Was One of Unusual Excellence—All Participants Showing Great Ability.

The last advanced students recital of the year was given in Music Hall I. W. C. last night. The program was one of the best offered this season comprising interesting numbers from all departments of the college of music. The organ was heard to excellent advantage under the hands of Grace Terhune and Marie Luke.

The vocal department was well presented by Lenore Kriege, Mary Lois Clark, Gwendolyn Schroyer and Leonard Fraser, whose work showed great improvement since the early part of the year when they already showed much promise.

The pianists of the evening were Olive Engel and Margaret Merker, both well known for their good work in the department. The violin solos were rendered by Suzanne Rinehart and Christine Cotner whose playing of numbers of Bach, Beethoven and de Beriot, showed markedly the influence of the Auer school of playing.

The Madrigal club under the direction of Mrs. Palmer Forrest, sang as a request number the Agnus Dei by Bizet, Grace Terhune taking the soprano solo assisted by Miss Horsbrugh, who played the violin obligato. The execution of the entire program was an evidence of intelligent comprehension, on the students part of the principles of art as taught them by their teachers and demonstrated at the faculty recitals thruout the year.

## RECEIVES WORD OF RELATIVE'S DEATH

J. F. Brennan yesterday received word of the death of Mrs. William Clements which occurred in Indianapolis, Ind., Monday morning. No particulars were given and it is thought that death was unexpected as no word had been received of her illness. The funeral will be held Wednesday.

William Clements is a nephew of Mr. and Mrs. Brennan, his mother being Mrs. Brennan's sister. His wife had never resided here but had been a visitor to the city.

### WILL HOLD CONFERENCE

The 2nd Quarterly Conference will be held by Dr. E. L. Fletcher Tuesday, May 2nd at 7:30 P. M. All official members are urged especially to be present.

**CONTEST CLOSES WITH LOCAL S. S. DECLARED WINNER**

Jacksonville Grace Church Wins Close Attendance Race From Church of Same Name in Bloomington.

Grace Sunday school wins the contest that they have been engaged in for the past two months with the Grace church of Bloomington. The contest has been close and exciting. Bloomington school reported a larger average attendance for last year but the local school has had a larger attendance every Sunday of the contest, excepting one. The Bloomington school was especially strong on getting the school out on time and church attendance.

The contest was designed to be in a general way constructive as it covered phases that has produced results for the church and school that have been very gratifying.

Bloomington reported for Sunday as follows: Attendance 562, Offering \$34.61, New Scholars 23, 89 per cent of the attendance on time, and 60 per cent attending church the previous Sunday. The local school had an attendance of 585, offering \$35.25, with 19 new scholars and 81 per cent of the school on time and 55 per cent attending church. The result of the contest was as follows, Bloomington 1115 points and Jacksonville 1160 points.

It was "Family Day" in the school and a splendid program by the Short family was thoroughly enjoyed by the school. The numbers were as follows, Anthem by the family, entitled "Rock of Ages," a solo "Sweet Story of Old," and an anthem by the family, "He Died for Me."

There were 92 men in the Bible class, the largest attendance of men of any time during the contest.

At the morning and evening preaching service, Dr. A. W. Mills, a special representative of the Foreign and Home Mission Boards preached two powerful missionary sermons. His efforts were thoroughly enjoyed by attentive listeners.

Junior and Intermediate Leagues met at 2:30. The Senior League joined in the union meeting of the Young People's Societies at the Baptist church at 6:30.

The Opportunity Circle will meet Monday evening with Mrs. H. H. Potter at her home on Park street.

## BASEBALL WILL BE NATIONAL SPORT

Japan is Rapidly Adopting Great American Game—Effort Now Being Made to Form Professional League.

ST. LOUIS, Mo., May 1.—Japan rapidly adopting the American game of baseball, according to reports from St. Louis, former St. Louis National Player, who has returned from his second year of baseball "missionary" work in Japan, where he coached the teams of Waseda and Koo Universities at Tokyo.

Hunter says the Nipponese are eager to establish baseball as their national sport, and are making efforts to form a professional baseball league of six teams. The leading universities of the nation are sponsoring the movement.

Former Cardinal outfielder interested in the work in Japan. Prof. Isao Abe of Osaka University, known as the "Father of Baseball" in Japan, asked him to come to Tokyo and assist in coaching the team of national league stars for a tour of Japan next fall if he can obtain approval of Judge Landis.

He pictures the Japanese as apt students of baseball with a desire to learn all of its attendant slang. The Waseda University nine, which toured America two years ago, caught many of the expressions common to the players here and adopted them, he declared.

In Japan, he continued, baseball coaching is done in the English language.

## ILLINOIS COLLEGE INTERSCHOLASTIC

Seventh Annual Event Promises to Surpass Former Meets—Date Is May 13—Public Speaking Contests on Friday and Saturday, May 12 and 13 in Jacksonville.

The Seventh Annual Illinois College Interscholastic Track and Field Meet will be held on Saturday, May 13, and the contests in Public Speaking and Music will be held on Friday, May 12, and Saturday, May 13, respectively.

This contest, conducted under the direction of Coach W. T. Harmon has become so popular with the High Schools of this state that it has grown in size and importance each year. The year's meet will no doubt be larger and better than any of the preceding ones.

Preparations for the Meet are practically complete. Entry blanks have been forwarded. The track and field are in excellent condition in spite of the prolonged wet weather of the past four weeks. The cinder track dries quickly.

Medals and trophies to be awarded are on hand. A beautiful shield, 19 by 24 inches, made up in oak with bronze letters, will be awarded to the High School which scores the highest number of points. A similar shield, 15 by 15 inches, will be given to the High School which scores the second highest number of points in the meet.

This year, for the first time, a shield, 15 by 18 inches, will be awarded to the High School which wins the half-mile relay race.

Gold, silver and bronze medals will be awarded to the winners of first, second and third places respectively in all events, including the relay race. Blue and gold ribbons will be awarded to the winners of fourth places in all events.

A silver Loving Cup will go to the athlete who makes the best individual performance regardless of the number of points he may win.

Many Have Participated.  
The following high schools have entered the Interscholastic in past years: Alton, Arrington, Arenzville, Atwood, Astoria, Ashland, Auburn, Beardstown, Bowen, Benton, Bloomington, Bunker Hill, Carlinville, Carrollton, Champaign, Chapin, Chambersburg, Chatham, Clayton, Clinton, Cuba, DuQuoin, Divernon, Easton, Elmwood, East St. Louis, Franklin, Girard, Griggsville, Greenfield, Granite City, Greenview, Herrin, Havana, Hinsdale, Hull, Illinois, Jacksonville, Kampsville, Loomis, Lewistown, Manchester, Mason City, Macomb, Modesto, Milton, Mt. ## THREE EYE OPENS 1922 SEASON TODAY

Teams Have Been at Work Getting in Condition for Past Month—Tienery to Attend Decatur Opening.

CHICAGO, May 1.—With Danville and Decatur, Illinois, new members of the circuit, the Three I League will open its season tomorrow with Moine playing at Terre Haute, Rockford at Evansville, ePoria at Danville, and Bloomington at Decatur.

The new cities will fill the vacancies of Cedar Rapids, Iowa, and Rock Island, Illinois, which withdrew at the close of last season.

A schedule of 140 games will be played, the season closing on September 10.

Earl Mack, son of the famous Conni Mack retains the management of the Moline Club, the 1921 pennant winners. The other surviving managers are Howard Brandt at Rockford, Johnny Nee at Evansville, William Jackson at Peoria and Robert Coleman at Terre Haute. Jace McGinty, of "Iron Man" fame will pilot the Danville club, while Dan O'Leary will manage Decatur. Earl Sykes succeeds Joe Dunn as manager of the Bloomington club.

All teams have been hard at practice for a month and strengthened by the acquisition of new players. A new staff of umpires has been signed by President Tarnsey. They are, Robert E. Taylor of the New England League; Roy McDonald of the Nebraska State League; A. K. Lawler of the Virginia State League; H. T. Arnold of the South Atlantic League; G. M. Lewis, formerly a player at the University of Wisconsin; Tyler Cristian, formerly of the Central League and Newton Fisher of the Florida State League.

Lewis and Lawler will officiate at Danville tomorrow; Arnold and Fisher at Terre Haute; Cristian and McDonald at Evansville and Taylor will handle the game at Decatur alone.

"I anticipate a successful season," said President Tarnsey tonight, "our organization is more compact this year and there seems to be greater interest everywhere. Our clubs are backed by fans associations. This fact assures a civic interest in the game." President Tarnsey will attend the opening game at Decatur.

## WOMEN SET NEW TOURNAMENT MARKS

TOLEDO, O., May 1.—Mrs. Emma Jaeger of Toledo, O., individual champion of the Women's National Bowling association set a high mark in the tournament today with a three game score of 603, twenty four pins in excess of the score which gave her the 1921 title.

A Toledo pair, Mrs. L. Gazzola and Mrs. G. Kay, led in the doubles division today with 1,083.

Women from Cleveland, Indianapolis and St. Louis were among today's competitors.

The champion woman team, the B. Z. B. Knitting company of Rockford, Ill., last year under the name of the Grand Billiard and Bowling company, is on the schedule Tuesday night.

## ROOKIE PITCHER TOO MUCH FOR PHILLIES

BROOKLYN, May 1.—Harry Shriver, rookie pitcher from Saginaw, Michigan, blanked the Phillies today 2 to 0, in his first start for Brooklyn. He fanned nine. Post, Dodger first sacker had only one putout, a catch of a line drive, while the home team registered only four assists.

## WHEAT DELIVERIES ON LIBERAL SCALE

By Associated Press.  
CHICAGO, May 1.—Settlement  
of wheat contracts for the delivery  
of wheat here began today with-  
out any of the spectacular ac-  
companiments which had been  
talked about of late as likely to be  
seen. For at least the time being  
no shortage of wheat supplies was  
apparent. Deliveries were on a  
liberal scale, totaling 1,251,000  
bushels near the amount which  
had been generally expected and  
were taken readily by strong  
interest. Export sales helped to  
lift values. The market closed  
unsettled 1½ to 2¢ net higher with  
May \$1.41½ and July \$1.28½ to  
\$1.29½.  
Corn finished ½ to 1¢ higher,  
oats unchanged to ½¢ and pro-  
visions varying from unchanged  
figures to a rise of 20¢.

It was a practical certainty be-  
fore that the wheat market opened  
that there would be no delay in  
tendering wheat freely to houses  
which desired to pay for the ac-  
tual gain. It was also evident that  
there would be no difficulty in  
disposing of the wheat so offered.  
Under such circumstances and  
with a month ahead for further  
settlement of May dealings, the  
rank and file of traders turned  
attention to July and September  
business and to factors other than  
the immediate supply of wheat  
in Chicago.

Signs of continued foreign de-  
mand for wheat because the greater  
domestic crop estimates, current  
tended to send prices moderately  
higher. According to one authority  
the abandoned acreage of win-  
ter wheat was 11.6 per cent and  
the probable yield perhaps 20,  
000,000 bushels less than was  
harvested last year. Export sales  
today were figured at upward of  
1,500,000 bushels but the United  
States visible supply showed only  
a small decrease of 212,000 bu-  
shels. Corn and oats were firm-  
er in sympathy with wheat. Talk  
of heavy use of corn for feeding on  
farms attracted some notice. Fur-  
thermore there was a decided fall-  
ing off in the visible supply both  
of corn and oats.

Scattered buying of flax rallied  
provisions from a decline due to  
lower quotations on hogs.

## BUTTER MARKET

**WEAK MONDAY**  
By Associated Press.  
Chicago, May 1.—The tone of  
the butter market was weak to-  
day. Receipts were heavy and  
considerably beyond buyers' wants.  
Buyers would take practi-  
cally nothing except immediate  
needs and then only at con-  
cessional rates.

Cats of centralized were hard  
to selling. Thirty seven cents was  
asked for 90 score but there were  
few buyers interested in such  
large lots. Some cars were con-  
signed east.

## How's Your Battery Pulse Today?

If it is low, let us prescribe the right tonic. No matter what make of battery you have in your car, come around to us. Our job is to keep your battery in commission. You will get an honest expert diagnosis of it, and a real recommendation of what to do.

At the right time you will find it to your advantage to exchange the old battery for a new Prest-O-Lite, at our low 1922 prices. For \$19.90 (trade-in price) get a Prest-O-Lite Battery with Prest-O-Plates for popular makes of light cars.

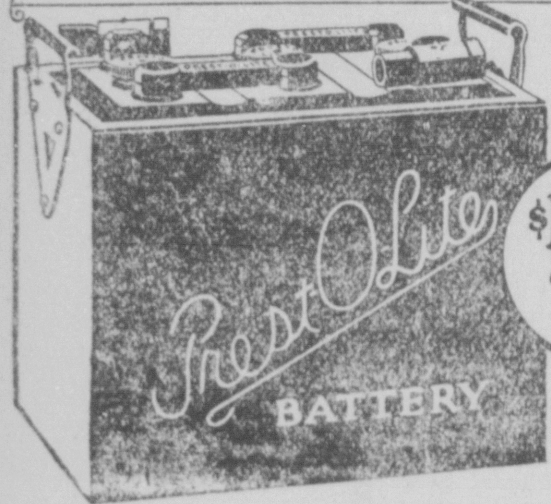

We have correspondingly low prices for other types of batteries.

Prest-O-Plates, the greatest advance in battery making; the plates of unusual hardness, combined with a peculiar porosity; plates with quick delivery of power in cold weather, and great non-buckling, heat-resisting strength in summer.

Drive around and get our diagnosis. It is free.

## RED CROSS CHAPTERS MET MONDAY EVENING

Delegates From County Chapters Held Session at Publicity Library — Interesting Program Carried Out.

Delegates from all of the Morgan County branches of the Red Cross met last evening at the organization headquarters at the library for a county meeting of the Red Cross Nursing Activities Committee. A number of prominent speakers from out of the city were present and a very fine program was given. At the close of the program a buffet luncheon was served by the members of the executive board of the Morgan County Red Cross.

The program was given as follows:

Music—Selected.

Roll Call by branches.

Welcome address by H. H. Vasconcellos, county superintendent of schools.

Report of the last meeting by Miss Lucy Mount, the secretary.

Nurse's Report, Miss Jacobina Riecke, Morgan County Red Cross Nurse. (Annual report as printed elsewhere in the Journal)

Report of the branches by representatives from the following branches:

Waverly, Franklin, Murrayville, Chapin, Alexander, Concord, Meredonia, Woodson and Litterberry.

Talk by Professor J. G. Ames, on "Rural Schools and Their Conditions."

Reading, "Mustard Plasters," by Miss Ida B. Davis, of the Department of Expression of Illinois Woman's College.

"County Nursing," Miss Fetter, of White Hall, Red Cross nurse of Greene County.

"Floods," Miss Grace Carter, address by Dr. Ralph W. Nauss, assistant Epidemiologist of the Illinois State Department of Public Health.

Announcement of the action taken by the board in turning over the Dr. C. W. East Clinic for crippled children, to the Morgan County Medical association.

Closing song "America."

Luncheon served by the members of the executive board.

HOME FOR SALE

One of the best in Jacksonville. Would produce good income till you get ready to live in it. Would accept Liberty Bonds or Illinois Telephone stock for all or part payment.

THE JOHNSTON AGENCY

He is yet wonderfully well preserved and bids fair to serve the road for many years to come. People who know him always like to ride on his train and they know what treatment they will get.

His father was a conductor for many years before him. He was a member of the famous Massachusetts 6th Infantry, treated so badly while marching through Baltimore.

May Edward live long to follow his calling is the wish of many friends both in Jacksonville and elsewhere.

AN UNUSUAL OPPORTUNITY

The residence property of the late Joseph Cridland, known as 205 North Prairie street will be offered for sale at the south door of the Court House, Saturday, May 6th, 1922, at 2 P. M.

This is an unusual opportunity to purchase a modern and up-to-date home.

Terms—Cash.

Charles A. Johnson

J. L. Henry, Auctioneer.

KNEW REV. MR. LEACH

C. O. Bayha of this city was very well acquainted with Rev. Mr. Leach of Peoria, who has been missing for some time. He was a very brilliant young man and very literary, according to Mr. Bayha. He was married while Mr. Bayha was a resident of Peoria. He was very outspoken along certain lines of civic work, and it is the belief of the local man that he was the victim of foul play. He was known as one of the leading ministers of the Central Illinois Conference.

ARRIVAL FROM HARDIN

Dr. R. R. Hardesty of Hardin, Calhoun county, was in the city visiting his brother, Dr. T. O. Hardesty of Jacksonville. Dr. Hardesty says Kampsville has been a great sufferer from the floods, many of the business houses having four feet of water in them. The great Fairbanks ranch has been seriously damaged by high water. Some 7500 acres of wheat have been ruined and great damage done in other ways.

The Columbia levee has held so far and saved a lot of land from overflow. Hardin is on higher ground and is free from flood danger.

PROGRESS AT WOODSON

J. R. Henry was up to the city from Woodson yesterday. He says a good many farmers have sowed oats and lots of gardens have been planted. Some ground is being broken for corn and in general things are looking up in that part of the county and if only we can be favored with good weather for a while they will get things into pretty good shape.

WILL MEET FRIDAY

The Professional Woman's club will meet Friday evening at the Pilgrim Memorial of the Congregational church.

SURE HELP TO SICK WOMEN

Mrs. Baker, so much benefited by Lydia E. Pinkham's Vegetable Compound, anxious to help others

Lebanon, Indiana.—"I was completely run down from women's troubles and stomach trouble and for a long time was barely able to do my work. I had some friends who had taken Lydia E. Pinkham's Vegetable Compound, and they told me about it. I know what it has done for me and I recommend it to others, as I am sure it will be a great help to all sick women. It is a wonderful medicine, and I give you permission to use my testimonial and my photograph."—Mrs. EMMA BAKER, 219 S. East St., Lebanon, Indiana.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject.

Mrs. Baker calls it "wonderful medicine." If you are suffering from troubles women often have, or feel all run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you.

## NURSES WILL MEET TODAY

District 13 of the Illinois Association of Graduate Nurses will meet in Jacksonville today for the regular bi-monthly session. The first meeting will be held at 1:30 o'clock in the afternoon at the Ayers Bank building and at this time the routine business of the organization will be conducted. Following this there will be a Round Table of the Public Health Nurses' section of the association. Later in the afternoon at three o'clock, the nurses will go to the Morgan County Sanitarium at Oak Lawn and will be shown around the institute by Dr. Martini. This district includes 11 counties, and nurses will come from Springfield and Decatur to attend the meeting. Miss Elizabeth O'Keefe of Decatur is the president of the organization and the local committee in charge of the meeting here includes Miss Susie Parrish the chairman of the program committee and Miss Maude Ryman, the secretary.

VETERAN RAILROAD MAN

The Nestor of railroad conductors on the Chicago and Alton road is Edward S. Nichols of Roodhouse. He and the writer are the best of friends but have not been able to establish any relationship.

Edward wears nine five year stripes on his left arm and in a year or two will be entitled to another. When Mr. Nichols did a few years ago the palm fell to the man at Roodhouse who bears his honors meekly. He is a prince of good men, kind affable to all in general no matter whether he has an anxious mamma with half a dozen children asking him a dozen questions at a time; a querulous old man taking his first ride, an imperious traveling man who thinks he owns the road or a bashful young pair on their honeymoon trip; all are treated with the same courtesy by Edward and receive the same kind smile and patient answers to all their numerous questions no matter how foolish they may be.

Mr. Nichols began as newsboy on his father's train over half a century ago and gradually worked his way up. He knows his business from the start. He has served in all capacities on freight trains till he rose to the dignity of passenger brakeman and then that badge set aside for that of conductor more than thirty years ago.

He is yet wonderfully well preserved and bids fair to serve the road for many years to come. People who know him always like to ride on his train and they know what treatment they will get.

His father was a conductor for many years before him. He was a member of the famous Massachusetts 6th Infantry, treated so badly while marching through Baltimore.

May Edward live long to follow his calling is the wish of many friends both in Jacksonville and elsewhere.

KNEW REV. MR. LEACH

C. O. Bayha of this city was very well acquainted with Rev. Mr. Leach of Peoria, who has been missing for some time. He was a very brilliant young man and very literary, according to Mr. Bayha. He was married while Mr. Bayha was a resident of Peoria. He was very outspoken along certain lines of civic work, and it is the belief of the local man that he was the victim of foul play. He was known as one of the leading ministers of the Central Illinois Conference.

ARRIVAL FROM HARDIN

Dr. R. R. Hardesty of Hardin, Calhoun county, was in the city visiting his brother, Dr. T. O. Hardesty of Jacksonville. Dr. Hardesty says Kampsville has been a great sufferer from the floods, many of the business houses having four feet of water in them. The great Fairbanks ranch has been seriously damaged by high water. Some 7500 acres of wheat have been ruined and great damage done in other ways.

The Columbia levee has held so far and saved a lot of land from overflow. Hardin is on higher ground and is free from flood danger.

PROGRESS AT WOODSON

J. R. Henry was up to the city from Woodson yesterday. He says a good many farmers have sowed oats and lots of gardens have been planted. Some ground is being broken for corn and in general things are looking up in that part of the county and if only we can be favored with good weather for a while they will get things into pretty good shape.

WILL MEET FRIDAY

The Professional Woman's club will meet Friday evening at the Pilgrim Memorial of the Congregational church.

## COLLEGE Y. W. C. A. WORKERS TO MEET

Representatives of Sixteen Institutions in Illinois Will Meet This Week End—To Be Guests of Cabinets of Local Colleges.

Representatives from sixteen colleges in Illinois will gather in Jacksonville at the end of this week to participate in a conference of the Young Woman's Christian Association. This is to be the annual state conference of the Y. W. and the delegates from all over the state will be entertained by the Y. W. Cabinets of Illinois College and Illinois Woman's College. It is expected that about fifty college students from the college Y. Ws. over the state will be in attendance at this conference. The meetings will be held on Saturday and Sunday, May 6th and 7th. On Saturday afternoon the delegates will meet at Illinois College and will have a discussion of the problems which confront the Y. W. Cabinets, such as raising money for current expenses, increasing the membership and other vital subjects. In the evening a banquet will be held at the Congregational church and this will be attended by about sixty-five girls, including visiting delegates and the members of the cabinets from both of the local colleges.

The visiting delegates from surrounding colleges will be entertained by the members of the cabinets from the two colleges in Jacksonville. The cabinet from Illinois College includes Miss Winifred Butcher president; Miss Ruby Mann, vice president; Miss Alice Carter, secretary; Miss Glenna Smith, treasurer; Miss Eunice Williamson, undergraduate representative; Miss Celestine Hemmel, program committee chairman; Miss Mary Beaty, Membership chairman; Miss Mary Duncomb, missionary program chairman; Miss Carlo Lander, publicity chairman; Miss Irene Groves, Bible study chairman; Ruby Mann, social service chairman, and Miss Isabel Ames, social committee chairman.

Miss Jeanette Wallace is the president of the organization at the Woman's College. The other members of the cabinet are: Miss Josephine Craig, Miss Hildreth Ashwood, treasurer; Miss Hazel Quick, chairman of the Life Service committee; Miss Lesta Gibbons, Miss Margaret Fowler, Miss Florence Weber, Miss Dorothy Remley, and Miss Carmen Dugger.

RESIDENTS OF KANSAS CITY While the writer and daughter were in Kansas City last week they had the great pleasure of meeting some former residents of Jacksonville and were most kindly received. Among them was Frank Porawski, brother of Mrs. George A. Moore of this city. Mr. Porawski is one of the leading citizens of the metropolis of western Missouri. He has held many important places of public trust, some of which he has declined to continue to hold and some of which he holds yet.

He has been especially interested in public hospital work and his portrait adorns the walls as president of one of the largest and most prominent retreats for the sick in the great city. He is also president of the organization for research work and holds other important positions with credit to himself and honor to the city. He lives in a fine residence and is a man of wealth.

He called on the hotel with his limousine and took the writer and daughter a long and delightful ride through the attractive parts of the place. He is Exalted Ruler of the Elks and reluctantly accepted the place a second time. He and his guests enjoyed a fine dinner in the magnificent quarters of the order.

Another pleasant visit in the great city was the pretty home of Mr. and Mrs. Davis, the lady a daughter of Louis Plepenbring of this city. The gentleman was at one time a linotype operator at the Journal office but is now in other business; he will be remembered by some of the types of this city. J. F. Downing, a graduate of Illinois College and native of Virginia, with many friends here, is now president of the great New England National Bank. Mrs. Ida Barthold, formerly Miss Ida May, teacher in the third ward was also visited with pleasure in her pleasant home. She has one charming little cherub and Mrs. Davis has two.

FROM CLEAR LAKE

Douglas Hagar, manager of the Clear Lake club house was in the city yesterday with his wife. They are at Chandlerville now with a daughter owing to the high water but hope to get back home soon. He says the water didn't get into the club house at all though it was plentiful all about. He will go to work as soon as he can get back and hopes to have the house ready for business by June first. Mr. Hagar is a veteran club house man and well knows all the ins and outs of the business and has a number of friends in Jacksonville who will be glad to hear from him.

VISITED BEARDSTOWN

Among Jacksonville residents who made a trip to Beardstown on Sunday were Mr. and Mrs. W. A. Fay and children, Mr. and Mrs. Leo Johnson and children, Mrs. Jennie Milburn, Miss June Fee, Mr. and Mrs. John Hodge, Paul Bolman, Thomas Cosgriff, Miss Mildred Harvey, Mr. and Mrs. W. L. Fay, Joe Daroosh and Maurice Johnson.

## REFRESHMENT BOOTH NOW OPEN

The refreshment booth, conducted at Nicholas Park by the firm of Mullenix and Hamilton has opened for the season. The booth will be open in the afternoon every day and on the evenings when there are dances at the pavilion the refreshment stand will be open. The park dances commence this Wednesday evening and will probably as usual, draw large crowds to the park. The boats will be for rent at Mullenix and Hamilton's stand as in previous years. The management has planned to add a number of new boats to the stock this year and there will be plenty of crafts to accommodate the boaters.

SUFFER INJURY OF FINGER

Mrs. John T. Hopper of South East street suffered a painful injury Monday morning when he cut the tip off of the middle finger of her right hand, while lifting a plough beam out of a wagon. She was taken to Dr. King's office where it was necessary to amputate a piece of the bone in order to make the finger tip heal promptly.

CALUMET

HAS RAISED A NEW STANDARD FOR BAKING POWDER

Because it's made in the most careful and scientific manner from absolutely pure materials that remain pure in the baking and insure wholesome, healthful food.

Because it possesses the greatest leavening power.

Because it is not affected by time or weather—it never loses its strength and never fails.

Because it is more economical—you save when you buy it and you save when you use it.

These are a few of the reasons why Calumet is the standard baking powder—the choice of millions—more being sold than of any other brand.

Try it—always buy it. Your grocer can supply you.

## Wild Geysers and Hills of Glass Yellowstone NATIONAL PARK

America, not Europe, for your vacation. In Yellowstone National Park there are more varied phenomena of nature to see and enjoy than anywhere else on earth. The great naturalist, John Muir, said of it: "The widest geysers in the world dancing amid thousands of boiling springs, their basins arrayed in gorgeous colors like gigantic flowers. "Here, too, are hills of sparkling crystals, hills of sulphur, hills of glass, mountains of every style of architecture, icy or forested, mountains boiled soft like potatoes and colored like a sunset sky."
